

Come Share in the Magic of Camp this Summer!

The Painted Turtle is now accepting applications for the **Skeletal Dysplasia and MPS Summer Session** at The Painted Turtle to be held **June 15-20, 2012**. Summer Camp provides an opportunity to share good times, and peer support with other children who have the same medical condition. Campers will enjoy boating and fishing, arts and crafts, woodshop, music, and much more! And doctors and nurses are available at The Painted Turtle all week to take care of any medical needs campers might have while at camp.

The Painted Turtle is located in Lake Hughes in the Antelope Valley, 40 miles north of Los Angeles. It's a beautiful facility with a fully equipped medical center and temperature-controlled cabins with private baths. All meals are provided and served in the dining hall overlooking the lake. There is **no cost** for campers to attend this program!

- Summer Camp is for campers, ages 7-16
 - Please note, the camper must fulfill the following criteria:
 - Minimum developmental age of 5 years
 - Ability to communicate needs independently
 - Ability to function and participate in a group
 - Can be without a family member for the duration of the camp session
- A bus will be available to provide transportation to and from The Painted Turtle and the Burbank Airport.
- Although we would like to accept every child who applies, space is limited.

If you are interested in receiving an application for Summer Camp, please contact:

*Rosalyn Skelton at (661) 724-1768 ext 203 or
rosalyns@thepaintedturtle.org*

Applications may also be requested by visiting www.thepaintedturtle.org.
